NOTES FROM THE MEETING

NEW GENERATIONS

Claude Thompson, the District's New Generation Chair for the past three years, talked about the students who are part of Rotary's exchange program. The program was started in Canada, is now worldwide, and about 8,000 young people participate. Claude said that hopefully, future leaders of the world will have learned through these exchanges to use words, not weapons. *Claude spent some time catching up with old friend Pete Muller.*

Rotaract UHH Report

Heidi Brietzke reported the club worked on five projects, including a rodeo, sponsoring a Relay for Life team, and proctoring a room during Hell Week.

The group is a little non traditional this year, having Facebook meetings. There are about nine active members, she said.

Thought for the Day

You remain young as long as you can still learn, can accept new conventions and can stand contradictions.
